**Interests and Hobbies** During my off time I like to socialize with friends and enjoy watching sports. I also like solving puzzles to keep my brain active during holidays. Tutoring scholars and university students has become a passion for me. I always look forward to these sessions.

**Technical Skills** I am good at solving complex problems and building data structures. I believe this is a valuable skill to complete any project, especially in the field of computer science.

**Past Experience** I have developed websites for other start up companies and I also have a website of my own ([www.codehaven.co.za](http://www.codehaven.co.za)). I also have some Android developing experience I gained from side projects.

### Non-Technical Strengths

- Good leader
- Fast learner
- Team player
- Good communicator
